CONNOR BROWN

388 St. John Street \diamond London \diamond EC1V 4NN \diamond U.K. $+447548106678 \diamond$ gitlab.com/brown.connor \diamond brconn95@gmail.com

SKILLS

- · Data scientist experienced in defining, designing and implementing production-quality systems
- · Leader who owns delivery, focuses on effective communication, and makes trade-offs between short-term impact and long-term maintenance costs
- · In-depth knowledge of machine learning with a focus on deep learning
- · Proficiency in Python, experience with both SQL and NoSQL
- · Skilled user of machine learning frameworks TensorFlow and Scikit-learn
- · Experienced in developing machine learning pipelines, skilled user of **Docker** for containerised deployment
- · Excellent knowledge of **Airflow**, skilled in creating CI/CD pipelines

EXPERIENCE

Data ScientistJul 2018 - PresentGoldman SachsLondon, UK

- · Deployed a range of systematic trading strategies in *Python* used to trade on the fixed income market resulting in multi-million dollar annual revenue for the team
- · Developed entirety of team's systematic trading pipeline including data-pipelines, deployment procedure, and the execution of trading strategies.
- · Gained experience in communicating technical concepts effectively to non-technical traders resulting in increased efficiency during strategy development

Data Scientist Intern

Jun 2017 - Sep 2017 *London*, *UK*

 $Aspect\ Capital\ Limited$

- \cdot Implemented a range of systematic trading strategies in MATLAB that were executed on the bond markets
- · Gained experience in data collection and cleaning, signal development, and signal deployment
- · Presented successful results to company's board members resulting in my strategies trading in production

EDUCATION

University of Oxford

Sep 2017 - Jul 2018

MSc Mathematical and Computational Finance (Distinction)

- · Thesis: Optimal Execution of Pairs of Assets with Cross-Price Impact
- · Focus: Statistics & Machine Learning

Imperial College London

Oct 2014 - Jun 2017

BSc Mathematics (1st Class Honours)

· Focus: Statistics & Scientific Computation

HOBBIES

Skiing, rowing, violin at grade 8 (distinction), piano at grade 8 level, played in semi-professional string orchestra
